ENTERPRISES

It's All About Taste

At Cafection, we strive to deliver nothing less than **a perfect cup of coffee**, anywhere, at anytime. That is why every day, we work to build the greatest coffee experience, starting with fresh coffee perfectly ground using the highest quality burr grinder and brewed through a French press design. Our machines' customizable beverage options help you create the best taste possible!

- *Adjustable gram throw guaranteeing a constant taste profile.*
- *On-screen beverage settings to let the customer order his perfect drink.*
- *Choice of close to a hundred of sizes and strengths recipe combinations.*

Customization

Brewing Time Video Branding

Take advantage of the 1-minute brewing time to display videos to your customers. Promote your company services and products or send internal communications.

Screen Saver Video Branding

Draw the customer's attention by displaying your own personalised videos in Screen Saver mode.

These 30 second videos will stimulate your customer's interest in your different products and services and will lead them directly to the coffee machine.
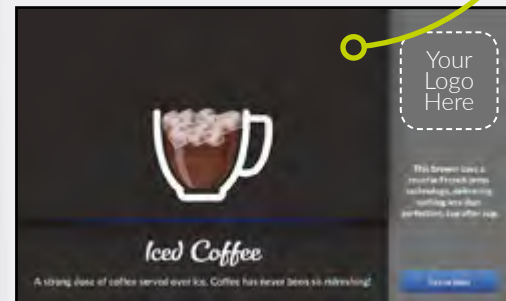

Videos can be pushed remotely using Sophia - Global Management System (Optimum license required).
